

## TIARA MONIQUE

Miss Tiara Monique has a unique distinction among her peers: She has already been introduced to Grammy Award winners, Hollywood Producers, Disney TV Celebrities, Gospel Stellar Award recipients, and world-renowned singers and songwriters. At only 10 years of age, this singer/songwriter, model, and actor is set to take the entertainment community by storm.

Holding a powerful voice for such a young person, Ms. Monique has blessed many with her fine vocals and charming personality.

Her gifts have been praised by the likes of Hollywood Producer Marilyn Atlas, Nashville Singer/Songwriter Trina Harmon (Faith Hill, Jessica Simpson, Hilary Duff, SheDaisy, Jesse McCartney), and Disney Star/SAG Award Nominee Allie Grant.

Having the opportunity to hang out with the likes of DISNEY STAR ALLIE GRANT (Weeds, That's So Raven, Suite Life of Zack and Cody) has given Ms. Monique the motivation to achieve what others only dream of. When Hollywood producers and World-Renowned Talent Agents heard Miss Monique, tears filled their eyes in disbelief of the God-given talent in such a small girl.

That God-given talent has yielded many top honors, including praise from National TV show producers such as THE MAURY SHOW.

Tiara has been blessed to sing at many venues, including an invitation to sing at an annual event for a division of Federated Department Stores (Macys, Bloomingdales). The tiny-framed singer belted a tune to a standing crowd. This event, as well as other prominent performances, has laid a solid foundation for the young musician.

At age 4, Tiara Monique caught the attention of a national modeling agency. A spokesperson for the company quickly offered a contract, but her parents refused it, noting that it was too soon for such a move into the modeling industry.

Time changes things! With a National Modeling Contract under her belt, and an invitation for National Commercial and Acting Representation out of NEW YORK, Tiara Monique is set to put a dent in her career endeavors.

As a home-schooled student, Tiara Monique enjoys the benefits of a flexible schedule. She is able to travel with her siblings and sing while keeping up with her schoolwork. So what does the future hold for Tiara Monique? A recording contract? Modeling? Acting? Hollywood producers say she's ready! God is the most important part of her life, and with HIM on her side, Ms. Tiara Monique can go nowhere but up from here.
